

Name: _____

Section: _____

Find someone who...

① Can list the 3 parts of the cell theory.

② Can sketch a prokaryotic cell & label its parts.

③ Can explain where DNA is stored in a cell.

④ Can define Selectively Permeable

⑤ Can draw & label a phospho lipid, identify which parts life water.

⑥ Can identify 6 scientists & why they are significant.

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

⑦ Can explain why the invention of the microscope was necessary.

Students must initial the answer they give you after you write it down.

Name: _____

Section: _____

Find someone who...

8

Can explain the differences between prokaryotes & eukaryotes.

9

Can sketch and label a cross-section of the plasma membrane.

10

Can describe two ways plant and animal cells are different.

11

Can explain what an organelle is.

12

Can draw a simple cell & label the 3 main parts.

13

Can describe the functions of 6 different organelles that all eukaryotic cells have.

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

14

Can list 3 functions of the cell membrane.

Students must initial the answer they give you after you write it down.
